

OFFICE OF HUMAN CAPITAL

PEER AWARDS PROGRAM

The Office of Human Capital Peer Awards Program allows OHC team members (i.e., civil service and contractor employees) to recognize their peers for outstanding achievements and/or contributions to Agency and Marshall Center missions and goals and who have best exemplified the NASA Values.

There are two award types, the “We Value Award” and the “Unsung Hero Award.” For the We Value Award, two winners will be chosen for each NASA Value (one civil service and one contractor employee) for a maximum of 8 winners. For the Unsung Hero Award, there will be one civil service and one contractor employee chosen for a maximum of 2 winners. Of course, this is dependent upon valid nominations being received for all award categories.

NOTE: OHC managers/supervisors (civil service and contractor), as well as the 2008 OHC Peer Awards Selection Panel, are **not** eligible for these awards, nor can they submit any nominations. *See list of ineligible names below.*

From the OHC website, OHC civil service and contractor employees may nominate peers whom they feel are deserving of this recognition. (Self nominations will not be accepted.) Program information and nomination forms are located at <http://ohc.msfc.nasa.gov/internal.html>. *Nominations will be accepted July 15 through August 8 2008.* Please be sure to get your nominations in during this period. The OHC Peer Awards Panel will select winners from valid nominations received.

NOTE: The Peer Awards Selection Panel will NOT seek additional information on invalid or poorly written nominations.

Awards will be presented at the Annual OHC Awards Ceremony scheduled for September 10, 2008.

| Personnel INELIGIBLE for OHC Peer Awards | |
|--|--------------------------|
| OHC Managers/Supervisors | 2008 OHC Selection Panel |
